### **Statement Regarding RTW WIN**

Today, we are celebrating the NH way with another big WIN for NH families and workers. In a bipartisan win, the NH House voted down S.B.61. The so-called “right-to-work (for less)” bill has died again. We are overjoyed with this outcome, and we are sending a big bipartisan thank you in solidarity to our allies in both parties who have stood by us in this fight. We will continue to stand by you.
