## Statement Regarding Governor Chris Sununu's Callous Language Use

The political and social landscape within our state is ever-changing. In our jobs, it is our responsibility to be a voice for our members. Unfortunately, Governor Chris Sununu's callous and dangerous remarks about "blowing up" the Sununu Center could have real and harmful unintended consequences for state employees who currently work there and for detained youths at the facility. We are looking forward to working with the Governor's Office on a retraction and apology for his remarks, and to do more for employees who tirelessly serve the Granite State.

In Solidarity,

Rich Gulla
