Statement Regarding Governor's Announcement on a Fourth Term

In light of the Governor's announcement this morning regarding his decision to run for Governor of New Hampshire for a fourth term, we, as representatives of the State's largest Union supporting State Employees across New Hampshire, hope that if he is re-elected to a fourth term that we will have a more fair and equitable working relationship with the Governor and his team. Our relationship with the Governor has undoubtedly been challenging, but we will need all of your support at the polls to change it.

Rich Gulla
