New Changes to the SEA/SEIU Local 1984 Endorsement Policy

Dear Candidates,

We are pleased to inform you that SEA/SEIU Local 1984 has changed our endorsement policy. Every election cycle, SEA/SEIU Local 1984 endorses candidates that share our values and goals regarding NH workers and labor rights. Going forth, the new provision to the policy requires anyone seeking an endorsement to fill out a questionnaire; this is also required of candidates who have been endorsed in prior years.

Anyone interested can find the link to this new questionnaire on our website [here](#). With more candidates seeking endorsements, this new guide will help our member-led committee make better-informed decisions throughout the nomination process for endorsement and identify candidates who promote policy that positively affects legislation and aligns with our values and priorities.

Thank you,

Richard Gulla
President SEA/SEIU Local 1984
