---

## Bargaining Experience

Lack of accepting BS answers

---

## Bargaining Goals

Hoping to bring what we finally deserve.

---

## Anything else

Hello chapter 17. My name is Jason Damren and am a Highway Patrol Foreman for D-5. I have worked for DOT for 23 yrs. My start was in the same shed I am at now in Salem as a HM1 for 1 year then to the Derry 528 shed for a year as a HM2. From there I jumped ship from D-5 and spent 13 years in Turnpikes where I was HM2 , HM3 then and asst. foreman. I have seen so much crap in my years that these last few I have tried to be more involved to help as Mark would say the younger guys. We have been getting screwed for way too long because we never really had a voice at the table. I'm a workaholic but family comes first and it's time for our DOT family to come first and get things we need to provide for our family. This is why I hope that I may sit on the bargaining senate and hopefully fight together against the JA in office.
