NH State Employees Endorse Kelly Ayotte as GOP Candidate in Gubernatorial Primary

Concord, NH —The State Employees' Association proudly endorses Kelly Ayotte in the New Hampshire Republican Party Gubernatorial Primary. As a respected figure in New Hampshire politics with a proven track record of leadership and dedication to the state's citizens, we have confidence that Kelly Ayotte embodies the qualities necessary to lead New Hampshire into a prosperous future.

Throughout her career, she has consistently advocated for policies prioritizing economic growth, job creation, and the well-being of New Hampshire families.

Rich Gulla states, "Kelly Ayotte's steadfast leadership during times of crisis, her ability to bring people together across party lines, and her unwavering dedication to the values that matter most to New Hampshire residents make her the ideal candidate to lead the state forward. Her pragmatic approach to governance and her deep understanding of New Hampshire's issues uniquely position her to tackle the challenges ahead and deliver results for all citizens."

The State Employees' Association recognizes Kelly Ayotte's qualifications, integrity, and commitment to public service. We believe that she will work tirelessly to advance the interests of all New Hampshire residents.

Ayotte praised State Employees by saying, "From maintaining our roads and bridges to protecting the public to serving our most vulnerable, our state employees play a vital role in making New Hampshire a great place to live, work, and raise a family. I'm proud to have their support, and as Governor, I look forward to working alongside our hardworking state employees every day to keep our state safe, prosperous, and free."

As New Hampshire stands at a critical juncture, facing both unprecedented opportunities and challenges, it is imperative that we elect a leader with the vision, experience, and determination to guide our state toward a brighter future. We now have two candidates we can put our faith in as we edge closer to the race for Governor here in New Hampshire.

We extend our thanks to all our members and supporters for their active engagement. We eagerly anticipate participating in the democratic process as we navigate the primary together.
